Coldaid[®] Suspension

For Prompt Relief
From
Cold & 'flu

COLDAID SUSPENSION **Pediatric Anti-cold Suspension**

Description

Coldaid Suspension, an anti-cold formulation, combines the safe and effective drugs in each class (i.e. analgesic, decongestant, antihistaminic). All the three drugs are in their right therapeutic strength. The formula in Coldaid Suspension aims at complete relief from symptom-complex rather than one or two symptoms of cold & 'flu.

Coldaid Suspension tastes extremely good and is therefore junior-friendly.

Composition

Each 5 ml contains

Paracetamol IP	125 mg
Phenylephrine Hydrochloride IP	2.5 mg
Chlorpheniramine Maleate IP	1 mg

in a flavoured syrupy base
